## Thank you, Keweenaw Co-op!

Our walk-in cooler broke earlier this spring, putting many ingredients at risk of spoiling. Without hesitation, Keweenaw Co-op cleared out some of their own cooler space. For more than a week, the Co-op opened their doors for us at 6 a.m. to pick up ingredients and continue operations as "normal." By helping one neighbor, they truly helped hundreds more.

## Noteworthy Concert

Flash back to the Beatles, pull out your best 60s and 70s attire and join Noteworthy, a local women's barbershop ensemble, for their annual concert. This year, all proceeds benefit Meals on Wheels!

## Generous donation from retired educators

Meals on Wheels Program Director Kathleen Harter recently gave a luncheon presentation to the local chapter of the Michigan Association of Retired School Personnel. After presenting, the group voted and approved to donate \$500 to Meals on Wheels to support the work we do for our elder community!

## Upcoming kitchen closure

Renovations to improve safety and upgrade accessibility are well underway at the Meals on Wheels building. Though dates are not yet finalized, the kitchen will be closed for a week in the coming months. Rest assured, our cooks and drivers are hard at work making preparations to provide meals for the duration of this closure. **We will provide dates for when this closure will happen as soon as we can.**

## Space available at our Meet & Eat sites

We're always working to grow our services, but some seniors still face a wait for home delivered meals - you may have experienced this yourself. While our delivery routes are full for now, there's immediate availability at our Meet & Eat sites! Join us at noon:

- **Chassell:** Mondays & Wednesdays
- **Hancock:** Monday-Friday
- **Lake Linden:** Tuesdays
- **Mohawk:** Monday-Friday

Just call (906) 483-1155 at least a day ahead to reserve a spot!

## Notes from our team

- Drivers can't leave meals outside or on door handles due to pests, building codes and spoilage risk. If you won't be home, please call our office and leave one cooler for cold items and one for hot.
- Thank you for completing the annual survey about our meal program. We greatly appreciate the feedback and have used it to tweak and improve operations. For instance, we are working to marinate the meats, resulting in more tender bites.
